

Name of Company: Seven Lakes Championship Golf & Estates

Company Description:

The 18-hole Championship Course was designed by Michigan's premier Architect, Bruce Matthews III. The 6802 yards, par 71 course is rated at 73.4/132. It was planned, designed and built to USGA specifications, with the goal of operating it as one of the best golf courses in the Southeast Michigan and Southern Ontario region. Architect Matthews designed four individual courses within one tract, to provide a superior golfing experience for every skill level, from beginner to professional. Juniors, women, seniors and scratch golfers all have a top-level course to test and enjoy.

Then there is the Old Course: originally built in 1970 by Robert Williamson, these 9-holes have been totally redesigned and reconstructed to match the quality, look, and feel of the new championship course. Winding around a large lake, with an island green and seven holes where water is in play, it features undulating greens, oak and sycamore trees and good walkability. Accuracy is a must; it will challenge and fine tune the game of players of all ages and skill levels.

Qualifications:

The successful candidate will possess the following:

- a personal and professional commitment to excellence
- graduated with a degree or diploma in Turf Management from a recognized College or University
- minimum of 3 years experience in all aspects of golf course maintenance
- the ability to supervise, direct, communicate and train golf course maintenance personnel
- experience in fertilizer and pesticide formulations and applications
- IPM certified agent
- a valid Ontario Landscape Exterminator License
- a valid driver's license
- a willingness to perform any tasks that are necessary to promote the Club's objectives

Benefits include:

- Competitive wage based on experience.
- Company vehicle
- Optional benefit plan
- Golfing privileges and use of the Practice Facility.
- Association Dues (CGSA, OGSA, GCSAA)
